EXAMPLE DATA – design sample only. Content, dates and sources below are illustrative placeholders, not real legal news.

WEEKLY NEWS / BUSINESS CONTEXT

26 October 2026 to 1 November 2026 (Europe/Brussels). Scope: EU level, France, Belgium, Netherlands, Germany, Spain and Italy. 8 developments in window.

Potential impact is an assessment, not legal advice; applicability depends on entity, sector, workforce and collective agreement.

TOP 3 THIS WEEK

1. RED **EXAMPLE: Belgian sector wage indexation applies to November payroll**. Placeholder text showing how a payroll-first Top 3 entry reads on the website and in PDF 1.
2. AMBER **EXAMPLE: Pay transparency transposition step in a member state**. Placeholder showing a deadline-driven item that feeds the 90-day radar.
3. AMBER **EXAMPLE: Social-security ceiling for next year published**. Placeholder showing a 1 January payroll parameter change.

EU / Pay Transparency Directive: transposition step (EXAMPLE)

Proposal | Not specified

WHAT CHANGED

EXAMPLE DATA. A national government publishes a draft transposition bill for the Pay Transparency Directive [Directive (EU) 2023/970]. The draft sets out pay-range disclosure in job adverts and a gender pay-gap reporting threshold. This paragraph only demonstrates length and tone.

POTENTIAL IMPACT / ASSESSMENT

If adopted as drafted, recruitment templates and pay-range governance may need to change before the transposition deadline. Applicability depends on headcount thresholds per entity.

Relevance: Reward | Recruitment | Reporting | **Works council: existing conditional requirement**

FRANCE / Social-security ceiling 2027 (EXAMPLE)

Published | 1 January 2027

WHAT CHANGED

EXAMPLE DATA. An order sets the annual social-security ceiling [plafond annuel de la sécurité sociale, PASS] for next year. Contribution bases and several benefit caps are indexed on this ceiling. Figures intentionally omitted in this sample.

POTENTIAL IMPACT / ASSESSMENT

Payroll parameters may need updating for January payroll; capped benefits and contribution bases could shift. Impact depends on payroll provider set-up.

Relevance: Payroll | Benefits

EXAMPLE DATA

FRANCE / Cour de cassation ruling on CSE consultation (EXAMPLE)

Ruling | Immediate (case law)

WHAT CHANGED

EXAMPLE DATA. The social chamber [chambre sociale] rules on when a reorganisation project triggers prior consultation of the works council [comité social et économique, CSE]. Shown here to illustrate a confirmed consultation tag.

POTENTIAL IMPACT / ASSESSMENT

Projects with a material effect on working conditions could require prior CSE consultation before implementation. Applicability depends on the project scope.

Relevance: Employee relations | Change management | **Works council: confirmed consultation requirement**

BELGIUM / Sector wage indexation, joint committee 200 (EXAMPLE)

In force | Payroll of November 2026

WHAT CHANGED

EXAMPLE DATA. A sector indexation applies to salaries in a joint committee [paritair comité / commission paritaire]. The percentage and rounding rules are set by the sector agreement [CAO/CCT]. No real figure is given in this sample.

POTENTIAL IMPACT / ASSESSMENT

If the entity falls under this joint committee, November payroll may need the indexed scales. Applicability depends on the joint committee of each Belgian entity.

Relevance: Payroll | Collective agreement

Sources: [04]

NETHERLANDS / Self-employed enforcement guidance (EXAMPLE)

Announced | Not specified

WHAT CHANGED

EXAMPLE DATA. The tax authority announces updated guidance on assessing self-employed contractors under the Wet DBA [Wet deregulering beoordeling arbeidsrelaties]. Illustrates an 'Announced' status line.

POTENTIAL IMPACT / ASSESSMENT

Contractor engagements could need a renewed employment-status review. Impact depends on the number and type of contractors engaged.

Relevance: Contingent workforce | Tax

EXAMPLE DATA

GERMANY / Working-time recording bill (EXAMPLE)

Proposal | Not specified

WHAT CHANGED

EXAMPLE DATA. A ministry draft would codify electronic working-time recording [Arbeitszeiterfassung] following earlier Federal Labour Court [BAG] case law. Shown to illustrate a conditional works-council tag.

POTENTIAL IMPACT / ASSESSMENT

If adopted, time-recording systems and the related works agreement [Betriebsvereinbarung] may need review. Co-determination rights of the works council [Betriebsrat] would likely apply to new systems.

Relevance: Working time | HR systems | **Works council: existing conditional requirement**

Sources: [06]

SPAIN / Digital time registration regulation (EXAMPLE)

Published | Not specified

WHAT CHANGED

EXAMPLE DATA. A regulation on digital working-time registration [registro horario digital] is published in the BOE. Illustrates a Spain card with original terms in brackets.

POTENTIAL IMPACT / ASSESSMENT

Existing time-registration tools may need to meet new access and retention requirements. Applicability depends on the tool in use per Spanish entity.

Relevance: Working time | Compliance | **Works council: existing conditional requirement**

Sources: [07]

ITALY / Smart working agreement guidance (EXAMPLE)

Published | Not specified

WHAT CHANGED

EXAMPLE DATA. The labour ministry publishes guidance on individual smart working agreements [accordo individuale di lavoro agile]. Illustrates an Italy card.

POTENTIAL IMPACT / ASSESSMENT

Smart working templates may need a check against the guidance. Impact depends on the applicable CCNL.

Relevance: Hybrid work | Contracts
